MANAGEMENT ADVISORY GROUP
FOR THE
INTELLIGENCE DIRECTORATE (MAGID)

1. A Management Advisory Group for the Intelligence Directorate (MAGID) has been established. Its purpose is to assist me and other managers in the Directorate in improving the operation of the Intelligence Directorate by supplementing the established channels of communication. MAGID will identify problems worthy of management attention and will suggest solutions for these and other matters already identified by management. Obviously, MAGID will not supplant the authority of existing line and staff components nor will it have any production responsibilities.

2. Service on MAGID will be for one-year tours except for the initial group, half of which will have appointments for nine months and the other half for fifteen months. The following have been appointed to MAGID for the term indicated:

STAT

In addition, I have asked [redacted] who has served on the Agency Management Advisory Group, to chair MAGID for the first six months. She will be assisted by [redacted] CRS, also an alumnus of the Agency's MAG.
